Notes Regarding Application and Registration

- Students who are accepted by multiple universities must enroll in only one university. If enrolled in two or more universities simultaneously, all admissions will be canceled.
- Successful applicants must pay the tuition fee at the designated bank during the designated registration period. Failure to pay within the period will be regarded as giving up admission.

Notes Regarding Document Submission

- Documents must, in principle, be submitted by the applicant in person within the document submission period. However, if a representative (parents, relatives, or acquaintances) submits the documents, they must be fully aware of the applicant's academic history, overseas residence, stay, and school attendance, and be able to respond to the officer's inquiries.

- Documents written in languages other than Korean or English must be notarized in Korean or English and submitted along with the original documents.
- Additional documents necessary for qualification verification may be requested beyond the submitted documents.
- All documents must be originals when submitted. If unavoidable, copies may be submitted, but they must be certified as "original verified" by the issuing institution or the Admission Office of Hannam University.
- If any information in the submitted documents is found to be false, the admission and enrollment may be canceled.
- Applicants must accurately provide their contact information (telephone number and address) on the application form to ensure communication during the admissions process. If contact details change, the applicant must promptly inform the Admissions Office(042-629-8282). The applicant bears full responsibility for any disadvantages caused by incorrect or missing contact information
- Applicants who submit a Certificate of Expected Graduation issued by a junior college or a Certificate of Expected Completion of the second year from a four-year university must submit the Certificate of Graduation (including consular legalization or an Apostille) or the Certificate of Completion of the second year from a four-year university to the Admissions Office of Hannam University by March 2027. Failure to submit the required documents within the designated period will result in revocation of admission, and any tuition paid will not be refunded.
- Once submitted, the application form cannot be withdrawn or modified.

Notes Regarding Screening

- The university does not provide separate notification of admission results. Applicants must check their admission results directly on the university admission website. (<http://ibsi.hnu.kr>).
- If an applicant fails to comply with the designated procedures or if the screening cannot proceed due to missing documents, the applicant will be disqualified
- If the applicant does not fully cooperate in the academic verification process, it will be considered as a problem with the academic background, and admission may be canceled even after enrollment.
- The scores and evaluation details of the admission process will not be disclosed.
- If an applicant fails to obtain a visa or enter Korea within the designated period due to visa denial after passing the admission process, admission approval will be canceled (admission cancellation). After the start of the semester, it will be handled according to the university's regulations.
- All other matters related to admissions shall be governed by the internal guidelines of Hannam University's Office of Admissions.
- Application fee :

KRW 85,000 (including KRW 5,000 application processing fee)
